### **Preserving the Memory of Mickey Leland**

On August 8, 2000, then-Energy Secretary Bill Richardson renamed the Office of Fossil Energy's Minority Education Initiative the Mickey Leland Energy Fellowship. The more than 100 members of the 2000 class became the first "Mickey Leland Energy Fellows."

The Secretary stated that the ceremony to honor the late Congressman from Houston who died on August 7, 1989, in a plane crash will be a way to "remember a great American who dedicated his life to expanding human potential."

---

<http://www.unavco.org>

UNAVCO is a consortium of research institutions, and its mission is to support and promote Earth science by advancing high-precision techniques for the measurement and understanding of deformation. Most of UNAVCO's members are geophysical geodesists who study deformation.
