CALL FOR PAPERS

The 2006 NABGG Technical Conference afforded us the opportunity to commemorate the organization's 25th anniversary and honor "The Vision of a Few that has been Fulfilled by Many." This year's NABGG Technical Conference, will enable us to "Expand Our Horizons" as we forge ahead and prepare ourselves for the next 25 years of the multi-disciplined geoscience field.

The Technical Session Committee officially invites you to present a talk or poster at the 2007 NABGG Technical Conference that will be held in Phoenix, AZ, September 19-22. The Technical sessions will embrace the multi-disciplined nature of the geosciences and provide an opportunity for presenters to share their knowledge and expertise on a variety of geoscience-related topics, such as: geography, GIS, geology, geophysics, environmental science, geoscience information technology, geoscience education, oceanography, planetary science, and career development for geoscientists. Presentations from both the public and private sectors are welcomed. We hope that you are able to help "Expand Horizons" by presenting at what promises to be a superb meeting of geoscientists from across the nation.

Abstract submittal information follows:

- Please submit abstracts for talks and posters to nabgg_2007papers@hotmail.com in either Microsoft Word or Adobe Acrobat (PDF) format. Small figures may also be included.
- Abstracts should be 500 words or less, typewritten, and include the author's name, title, email address, and place of employment or college/university (**See Form, below**).
